### Meetings

Our next meeting is **January 10th** at 7:30PM at the Heather Farm Garden Center in Walnut Creek.

We are incredibly fortunate to have Dr. Gordon Frankie from U.C. Berkeley presenting. Dr. Frankie has done a considerable amount of research on bees in urban vs. wild areas and is an expert on bee gardens. Please join us!

### What's the Buzz?

The Mount Diablo Beekeepers Association would like to wish all its members a safe and happy holiday season

### Beekeeper Joke

A young man showed up to work for the old beekeeper. First day on the job the beekeeper says, "Paint all those bee hives." The young man looks at all that work and says, "You don't seem to realize - I have a College Education." The old beekeeper thinks for a minute and says, "I'm sorry. I'll show you how to hold the paint brush."
